*Kapljice nisu samo zvuk kiše.*

*One su ritam trenutka koji se rađa i nestaje,  
tiha glazba koja pada s neba i budi nešto skriveno u nama.*

*U svakoj kapljici postoji mala priča —  
o putovanju, o padu, o dodiru s tlom,  
o kratkom sjaju prije nego što nestane.*

*Ova skladba nastala je iz tog osjećaja:  
iz jednostavnosti koja nosi dubinu,  
iz tišine koja govori više od riječi,  
iz trenutka u kojem se svijet na tren uspori  
i dopusti nam da čujemo sebe.*

*Neka Kapljice budu tvoj mali predah,  
tvoja kiša misli,  
tvoj zvuk koji se vraća kad ti zatreba mir.*

*Raindrops are more than the sound of rain.*

*They are the rhythm of a moment that appears and disappears,  
a quiet music falling from the sky, awakening something hidden within us.*

*Every drop carries a small story —  
of its journey, its fall, its brief touch with the earth,  
its final shimmer before it fades.*

*This piece was born from that feeling:  
from simplicity that holds depth,  
from silence that speaks louder than words,  
from a moment when the world slows down  
and allows us to hear ourselves.*

*May Raindrops be your small pause,  
your rain of thoughts,  
your sound of calm returning when you need it most.*

*Svim onima koji traže tišinu među žicama, koji u svakoj noti čuju dah kiše, koji znaju da se najdublje emocije rađaju iz jednostavnosti.*

*Neka ove Kapljice pronađu put do vaših prstiju i postanu dio vašeg vlastitog zvuka, onog koji živi samo u trenutku i nestaje poput kiše na dlanu.*

*Those who search for silence between the strings, who hear the breath of rain in every note, who know that the deepest emotions are born from simplicity.*

*May these Raindrops find their way into your fingers and become part of your own sound, the one that exists only in the moment and fades like rain in the palm of your hand.*
